Dr. Gulati and Dr. Sheth are the medical directors for the facility. Dr. Gulati is a board-certified nephrologist practicing in Fort Myers for the past 15 years. He did his fellowship training in Nephrology and Hypertension at the Temple University Hospital in Philadelphia and his residency in internal Medicine from State University of New York affiliated Hospital in Brooklyn, NY. Dr. Sheth is dual board certified in internal medicine and nephrology and has been practicing in the Lee and Collier counties for the past 8 years.

"I'm truly delighted to bring a new Dialysis Center to the Bonita Springs area, with an exceptional clinical staff that is focused on the patient's experience and a caring environment. Our Medical office is adjacent to our new center for patients' convenience. Kidney Institute of Florida will open a second center later this year in LaBelle, FL." said Dr. Gulati.

The Bonita Springs Kidney Care Center consists of top-of-the-line technology and experienced staff to provide safe and quality dialysis treatments to their patients. This state-of-the-art dialysis center offers in-center hemodialysis and a home PD program. The beautifully designed facility allows the patient to get comfortable in their own space complete with individual privacy partitions. The facility is meant to make you feel at home for the duration of the treatment.
